

For 25 years the Sky Island Club has promoted LI's identity and pride by providing an opportunity three times a year for top executives and professionals to get together, increase personal acquaintance, and give recognition to outstanding regional personalities at LI Hall of Fame Luncheons.

Will you help make the induction of [redacted] and [redacted] into the LI Hall of Fame Luncheon at the new GARDEN CITY HOTEL on St. Patrick's Day, (Thursday, March 17), a memorable event for them and for Long Island?

We would very much appreciate, as they will, your taking part in this well-deserved tribute to LI's outstanding county executives by joining the Dais.

This joint salute gives us the opportunity to celebrate the significant pulling together of our two counties in a partnership for Long Island...its regional identity and pride, its great tradition and rich history, and its sound economy and unlimited future.

This is the 25th Silver Anniversary year of the Sky Island Club and we are returning out induction luncheons to the Garden City Hotel and establishing our LI Hall of Fame Sculpture Atrium there where the luxurious setting, elegance, and service will enhance these colorful events.

I am sure you will want to help us induct these great Long Islanders for their leadership in advancing our island. We are extending this personal invitation to you, because we do hope you will attend. We request that you do not send a representative in your stead. Please let me know if you will participate.
